Cable Championships

Want a great weekend with a difference? Pack up your camping gear and head off to Bella Bella in Limpopo Province, where you will enjoy two of the most exciting, action-packed days as South Africa's best cable wake boarders strut their stuff in the toughest competition of the year.

About 100 adrenalin-pumped competitors will compete for top honours in The South African Cable Wakeboarding championships which are being held at Aventura Resort (which have great camping facilities) on 7th & 8th May 2011.

You may bump into Club Marine-sponsored wake skate rider Kyle

Holshauzen, Chairman of the SA Cable Association - who says there will be heart-stopping, thrilling moments as riders pull out all the stops to achieve their ultimate performances - which makes for spectacular viewing.

"They have everything to gain as national colours are at stake and a spot in the South African team which is to compete in the world championships next year," he says. (Watch this spot for venue and dates still be announced).

As a top achiever Kyle also has Northern Transvaal colours for slalom skiing and was one of the country's top three wakeskaters for many years. He is also the importer and MD of Amped Distributors (Pty) Ltd in South Africa - with distribution rights for the entire African continent for the world's best known waterski and wake boarding brands - Hyperlite, Byerly Wakeboards, HO waterskis, Straightline, Accurate and Wake Kite and Liquid Force.
